MISSION STATEMENT

We empower students to be academically and socially self sufficient in order to reach our highest potential today & tomorrow.

Curriculum

Middle school students experience an atmosphere of moving from classroom to classroom and selecting curricula from a variety of course offerings. All students are required to take the core classes and then select elective courses: Art, FACS, Technology, Theatre, Agriculture, Music, Band and PE.

Middle School Athletics

- Cross Country • Football (8th only) • Volleyball • Basketball • Wrestling • Track & Field

Building Committees

- Academic Interventions • REACH • Building Improvement Team • Building Safety Team

Philosophy of Discipline

The Pleasant Hill R-III Board of Education believes that schools must be a place where students are encouraged to learn. Standards of conduct are established to create an orderly environment in which every student's right to learn is protected. Consequences for failure to follow those standards will be developed by the administration, approved by the Board of Education and strictly enforced by all district personnel responsible for the care and supervision of students. A student handbook which details building rules and regulations is distributed at the beginning of each year to every student.

Student Grades

Grading is summarized on a mid-term report (4 1/2 weeks) and a quarter (nine-week) basis with a grade card. The grade card grade is based on many factors, i.e. test and assignments-both. Parents can log in to Parent Portal to check grades at any time.
